Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Saturday 29 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and bright with sunny spells developing.

Today:
A rather cloudy start to Saturday morning before decent spells of sunshine develop by the afternoon. Across Kent it will be breezy and low cloud with some mist and fog might arrive during the evening. Maximum temperature 23 deg C (73 deg F).

Tonight:
A fine night with long clear spells developing once evening cloud melts away. Low cloud and mist affecting most coasts along with a chance of fog will spread further inland. Minimum temperature 6 deg C (43 deg F).

Sunday:
Another fine day and remaining dry across the region. Feeling warm by the afternoon with strong sunshine. Cooler and perhaps remaining misty near Kent coasts. Maximum temperature 22 deg C (72 deg F).

Outlook for Monday to Wednesday:
Dry, warm through this period but cooler near some coasts, with a chance of low cloud and some fog at first, mainly overnight. More breeze on Tuesday. Showers possible Wednesday..
